

Stowaway incidents and ports

between Jan 2010 and Jul 2017

Ref. IC17120, 22 Aug 2017

Statistics

According to following sources at IMO, there were **658 incidents** of stowaways reported between Jan 2010 and Jul 2017 with **1713 stowaways**:

- 1) IMO circulars:
 - a. FAL.2/Circ.121, Annual statistics of stowaway incidents for the year 2010
 - b. FAL.2/Circ.125, Annual statistics of stowaway incidents for the year 2011
 - c. FAL.2/Circ.126, Annual statistics of stowaway incidents for the year 2012
 - d. FAL.2/Circ.128, Annual statistics of stowaway incidents for the year 2013
 - e. FAL.2/Circ.129, Annual statistics of stowaway incidents for the year 2014
- 2) Page 20, FAL 41/17 on the report of 41st session of IMO Facilitation Committee, held in Apr 2017
- 3) <https://gis.imo.org/Members/FAL/Stowaways/Default.aspx>, the IMO web-based database, for stowaway records between Jan 2015 and Jul 2017

Findings

Findings from the information received and used for the analysis:

- Some stowaways boarded the ship dressed as stevedores.
- In most cases stowaways were found in containers, car decks, trailers, engine-rooms, hold ventilation, holes, holds, under or near the stern, ballast tanks, rudder trunks and lifeboats.

Ports of incidents

In the following table, there were 84 ports with reported incidents of stowaways. At bottom of the table, there were no records to show where the 788 stowaways boarded the ships, representing 44% of the total stowaways. It suggests that there could be more than 84 ports as listed for the crew to take extra caution to guard the ships and security search on-board.
